MONTHLY BUSINESS OPERATING EXPENSE WORKSHEET
 Return with FCCH T.E.A.C.H. Application

A Monthly Income Statement appears on page 3 of the Family Child Care Home Provider portion of the scholarship application form. The formulas and information below may help you determine your monthly expenses.

7b. Operating costs (Do not include food, auto or any other non-housing expenses)

Monthly Operating Expenses for **whole** house:

Mortgage including property taxes and homeowners insurance OR Rent (Military personnel living on base should enter the amount deducted monthly from paychecks to cover housing expense) <input type="checkbox"/> Check here if on-base military....	\$ _____
Electricity and/or Gas.....	_____
Water and Garbage (per month) (Divide quarterly bill by 3 to get monthly).....	_____
Basic telephone (no long distance) HOME phone only. Do not include cell. If business has a separate/cell phone, list it under 7h on page 3 of application.	_____
Internet access.....	_____
Other (specify – exterminator? bottled water?) _____	_____
Other (specify - lawn maintenance?, etc.) _____	_____
Total Monthly Operating Expenses for whole house	\$ _____
Multiply by 35%, approximate amount charged to business.....	_____ x .35
Total Monthly Business Operating Expenses (line 7b- Page 3)	\$ _____

7e. Transportation

If the business owns a vehicle, the cost of gas, insurance, maintenance, depreciation and other expenses attributable to the vehicle may be charged to the business. This means you may **NOT charge 55.5¢ per mile for travel**. **Check with your CPA for monthly cost of business-owned vehicles.**

You may **charge mileage** when you use a **personal vehicle for business**. It is important that you keep a meticulous record of business use which includes starting mileage, ending mileage, total miles driven for each trip and the **purpose** of each business trip (getting groceries or supplies for the business, field trips, transportation to and from school for afterschoolers, transportation to classes, business-related meetings, etc.) **Check with your accountant for a list of what is considered business expense**. You will need this log when preparing your Federal Income Tax Return. The 55.5¢ per mile deduction was effective 6/30/11 and remains the same for 2012. The deduction will probably change for 2013.

7f. Tuition / training fees

When computing monthly cost of tuition, remember that if you receive a scholarship you will only be paying **20% of the cost** of your Director Credential, Staff Credential or AS degree classes. Multiply yearly total cost of tuition and books by .20 (20%) then divide by 12 months to arrive at a monthly cost.

7g. Insurance

About 35% of your homeowner's insurance policy can be charged to your business (**already charged in 7b above**). If you have liability insurance for your business **only**, 100% of the cost can be charged to your business on page 3). (Don't forget to divide yearly total by 12 to get a monthly cost.)
